

GEN. BAILEY OFF ON TOUR OF 49 SOLDIER CAMPS

Corps Area Commander Will
Inspect All Posts in the
Third District.

BALTIMORE, July 22.—Maj. Gen. C. J. Bailey, commanding the Third Army Corps area, left Monday to visit the forty-nine camps in the area. Camp Humphries, Va., is the first objective, and Col. Frank S. Cocheu, chief of staff, has joined him there.

Engineers of the Reserve Officers Training Corps from the First, Third and Fifth areas, which represent several New England States, Middle Atlantic States and Middle Western States, are at Camp Humphries.

To Visit D. C. Camp.

General Bailey next will visit Camp Sims, in the District of Columbia, and then will go to Camp Meade, where the Eightieth division will be encamped. This division is composed of men from Virginia and Maryland. Leaving Camp Meade, the party will go to Carlisle, Pa., where members of the Medical reserve officers' training corps from areas as far west as the Dakotas are encamped.

The number of applicants to enter the citizens' military training camps are now coming in fast, and though the authorized strength of 5,000 for the five encampments has not been reached, officers of the area anticipate its fulfillment before the camps open July 27.

With 1,241 men finally accepted and 529 tentatively accepted, a total of 2,140 is obtained. Camp Meade has 613 of its 1901 allotment; Camp Holabird, 83 out of its 92; Fort Monroe, 160 out of 363; Langley Field, 248 out of 372; Camp Humphries, 137 out of 272.

Gets 5-Year Sentence For Robbing Home

NORFOLK, Va., July 22.—Faust Beaumont, arrested in Baltimore June 6 for the robbery of the Wales home in Norfolk on June 1, was given five years in the penitentiary by a grand jury in corporation court. The case of Beaumont's wife, arrested with him and a confessed accomplice in the robbery, will come to trial July 25.

Beaumont and his wife, working their way North, left a string of alleged robberies behind them all the way from Texas to Virginia. They stopped over night at a Norfolk hotel and robbed the Wales home while the family was out at dinner. Silverware and other valuables stolen were worth approximately \$4,000. The couple left the same night for Baltimore. An attempt there to dispose of the loot led to their arrest.

Lost Radium is Found In Ashes at Hospital

NEW YORK, July 22.—Ten milligrams of radium, valued at \$1,000, lost by the Methodist Episcopal Hospital, in Brooklyn, were recovered there, after a search during which a ton of ashes in the incinerator were sifted. The recovery was made possible through the use of an electro-scope, which detected the presence of radioactive rays in the ash heap. It was found that ten of the 150 milligrams of radium at the hospital were missing after an operation there. Dr. James E. Holmes, the hospital superintendent, immediately got in touch with the United States Radium Corporation at East Orange, through which the radium was purchased, and Dr. E. D. Leaman, chief chemist, and Martial Mayes, a technical assistant, were sent to the hospital with an electro-scope to conduct a search. It lasted all night.

BEAUTY CULTURE HINTS

(Use Canthrox)

There is a real common sense in just noticing whether the hair is well kept to judge of a woman's neatness, or good taste. If you are one of the few who try to make the most of your hair, remember that it is not advisable to wash the hair with heavy cleansers made for all purposes, but always use some good shampoo. You can enjoy the very best by getting some Canthrox from your druggist, dissolve a teaspoonful in a cup of hot water. This makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just the top of the head. Dandruff, excess oil, and dirt are dissolved and entirely disappear. Your hair will be so fluffy that it will look much heavier than it is. Its luster and softness will also delight you, while the stimulated scalp gains the health which insures hair growth.

The fish was found to contain thirty-two pounds of caviar, which sold at 1,000 marks a pound, while its remaining meat went for forty-eight marks a pound on the Hamburg market.

\$17.50 Set as Minimum Living Wage for Girls

AKRON, July 22.—Decrease of immorality in Barberton through a fair living wage for girls and young women is the hope of Miss Alma Bauseman, secretary of the American Legion auxiliary at the suburban city.

Miss Bauseman declared \$17.50 a week had been found necessary to properly care for working girls.

Judge's Mind Recalls Man Tried 17 Years Ago

CHICAGO, July 22.—Judge John R. Caverly proved his claim to a good memory when John Kelly, fifty-eight, was arraigned before him in a charge of burglary. Although he had not seen the defendant for seventeen years the judge recognized him immediately and obtained a confession from Kelly that he had been in trouble with the police.

BOGUS \$10 BILLS AFLOAT IN VIRGINIA

Several of the Counterfeit
Notes Found Circulating in
Newport News.

NEWPORT NEWS, Va., July 22.—That a number of counterfeit \$10 bills are in circulation in this community was the discovery at Schmetz National Bank when it was learned that five of the bills meeting a description sent out from the secret service department had been presented in Newport News.

Persons are warned to be on the lookout for the counterfeit bills which are easily detected from the genuine. Just how many are in circulation in Newport News is not known. The bills appear to be drifting into the city from the direction of Yorktown.

The counterfeit bills were printed from a photo-mechanical plate on a piece of paper without silk threads or much effort at imitation of printing characteristics, usually found in Government notes. The bill is an exact duplication, however, with one little mistake, of an original of the series of 1902.

Counterfeit bills falling into the hands of the Schmetz National Bank authorities and meeting the description of the secret service department bear the name of the First National Bank of Ozone Park, Ozone, N. Y. They may be identified by the check letter "F." Signatures on the notes are W. T. Vernon, registrar of the treasury; and Charles H. Treat, treasurer of the United States.

Difference between the real bill and the counterfeit may be determined by the blue charter number on the border of the bill which is 8865 on the real bill, and 8863 on the counterfeit. Also the signatures of Cashier W. L. Hopkins and President John B. Reynolds of the bank, appear in genuine black on the real note and in pale blue on the "phonies." The bill is a photo reproduction of the genuine.

Montdale Man, Fleeing From Arrest, Is Killed

BEDFORD, Va., July 22.—Gorman Gray was shot and killed near Montdale while running from officers who had arrested him. Constable D. N. Moseley and several others had a warrant for Gray, who was charged with operating a still. The ball entered just above the hip and glanced upward.

Dr. W. O. McCabe held an autopsy and removed the ball. Gray is survived by his wife and six small children.

Y., unfrocked Lutheran minister, whose case was called at the term of Federal court held here recently, then continued to Elkins term on a charge of violating postal laws, entered a plea of guilty. Judge W. E. Baker imposed a sentence of a year in the Atlanta penitentiary and a fine of \$1,000.
